Amber Vreeland, President  
EROSION RUNNER MIDWEST  
155 Evergreen Drive  
Springboro, OH 45066

Dear Ms. Vreeland:

The Kentucky Transportation Cabinet, DBE Certification Committee, has determined that EROSION RUNNER MIDWEST meets the eligibility standards of a woman-owned Disadvantaged Business Enterprise (DBE) established pursuant to 49 CFR Part 26. As a result, EROSION RUNNER MIDWEST is certified to perform the following items of work: sediment and erosion control, silt fence installation, safety fence, chain link installation and inlet protection. Therefore, your company's certification has been accepted to participate in the Cabinet's Disadvantaged Business Enterprise (DBE) Program.

Absent a finding of regulatory non-compliance, a change in ownership and/or control or a successful third party challenge, **this certification will be up for renewal on August 30, 2011.** You are required to notify this office in writing of any changes made in the ownership and control of this firm within seven (7) days of occurrence. You will be required to submit an affidavit annually to determine whether your firm continues to meet the standards of 49 CFR Part 26.

Additionally, firms desiring to perform highway construction and preconstruction work with the Cabinet must attend at least one (1) management development course sponsored by the Cabinet's Entrepreneurial Development Institute prior to its third year of certification and participate in a Cabinet sponsored orientation program. Participation in these training activities is essential to developing a clear understanding of the plans and specifications, rules, regulations and operational procedures governing highway construction work. Adequate notification of the management development course and orientation will be provided at a future date.

Sincerely,

  
Melvin Bynes  
DBE Branch Manager
