We encourage you to take advantage of the outreach events, management and technical training, and one-on-one business coaching provided by our office. You are also asked to maintain your certification status by submitting your annual renewal forms when notified, and periodically checking your contact information for accuracy maintained on the *Directory of Transportation Firms* at <http://apps.dot.state.nc.us/vendor/directory>.

Please visit NCDOT's web site (www.ncdot.org) frequently to learn about other upcoming events that can help expand the capability and capacity of your company. SUBJECT: Effective DBE Certification Date: April 1, 2009

Dear Amber Vreeland:

Your certification as a Disadvantaged Business Enterprise (DBE) has been approved by the Department and is effective for a three-year period as of the above subject date. Please be aware that upon the third anniversary of your certification April 1, 2012 your firm must be recertified. The Department will notify your firm at the appropriate time and provide you with guidance on the process.

In order to remain on the Department's Certified DBE listing, your firm will be required to submit an affidavit to this office on an annual basis. The affidavit will attest to the fact that no changes have occurred that would affect your status as a Disadvantaged Business Enterprise, or that your personal net worth has not exceeded \$750,000 as required by federal regulations for economically disadvantaged individuals. The Contractual Services Unit will provide you with the appropriate forms at least 30 days prior to the anniversary date of your certification.

Should your firm experience any changes in ownership, address, telephone numbers, or specialty, you are required to notify this office in writing within two weeks of that change. Failure to inform us of these changes can result in de-certification.

Please note that the certified status mentioned above is not to be considered as pre-qualification to bid, or approval to perform work for the Department of Transportation. To be pre-qualified to bid on NCDOT highway projects, or to be approved as a subcontractor to work on the same, please contact the Construction Unit at (919) 733-5616 ext. 336.

Thank you for your participation in the Disadvantaged Business Enterprise Program. If you have any questions, please do not hesitate to call this office.

Sincerely,

Michael McKoy
